2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Latrobe Elementary is one of two schools in the Latrobe School District.

Latrobe School District is a small, rural TK-8 district covering 35 square miles located in the southwest corner of El Dorado County. Latrobe Elementary serves approximately 60 students in grades TK-3. Latrobe Elementary School is an inviting campus with a focus on the academic and social success of every student.

The Latrobe School District's educational mission is to provide a place to learn, a place to grow, a place to be safe, a place to be proud, and a place to work together. Our small class size (ideally 20 students or less) enables us to know and appreciate each individual student's abilities and needs. Students are encouraged to become the best that they can be, meet or exceed state standards, and help each other achieve individual and group goals. Students participate in 80 weekly minutes of PE from a credentialed specialist, visit the garden for outdoor learning activities, and are taught fine arts through our FAME program. Students in 3rd grade take the CAASPP test in ELA and Math each spring; however for the 2021 test administration there were only 9 students in the class. Sample sizes of less than 10 are not reported by the state and show as N/A on pages 10-11 of this document.

Parents are encouraged to become actively involved in the educational process. Under normal circumstances, parents readily volunteer in the classrooms, help with special events, serve on the Parent Advisory Committee/School Site Council, Parent Teacher Club, and perform other countless acts of service making the schools the center of the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	4
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0
Unknown	0
Total Teaching Positions	4

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Latrobe School District held a public hearing on September 14, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. The district plans to adopt NGSS Science materials in the 2022-23 school year.

School Facility Conditions and Planned Improvements

Latrobe Elementary was originally constructed in 1915. It has grown from a one room school over the years to include 5 classrooms, 1 multipurpose room/cafeteria, 1 library, 1 staff room/kitchen, 1 playground and 1 artificial turf field. The district has developed policies regarding campus safety, fire drills, and playground supervision. Buildings are kept clean and well maintained. The Superintendent/Principal works daily with the Director of Maintenance and the full-time custodian to ensure that the routine maintenance and the cleaning of the school is maintained to provide for a healthy and safe environment. A school building maintenance plan is followed ensuring that the schools are upgraded and maintained properly. A School's Insurance Authority inspection was conducted in November, 2016. Minor findings from the inspection were addressed. Energy efficient lights were installed across the district. The Board of Trustees surveyed both schools during a September 2020 Study Session. Members were briefed on the following additions: handwashing stations, additional hand sanitizing stations, new water tanks, and a new generator. Priorities were set for short and long term improvements. Our facilities are in good repair, clean and more than adequate to serve our student population.

Latrobe Elementary is wired and Internet access is provided in every classroom. Thanks to a committed community and parents who volunteer support, the school continues to be a place of pride for our community. All efforts to ensure building safety, cleanliness, and adequacy have been successful.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Latrobe School District greatly benefits from its supportive parents. The school has a strong base of parent volunteers. Parents are encouraged to join the Latrobe Parent Teacher Club and serve on the Parent Advisory Committee/Site Council. These two groups serve both schools in the district. The Parent Teacher Club meets monthly and plans and provides numerous events for our students and families. The PAC/Site Council meets approximately three times per year. They provide oversight of our LCAP, and Site Plan, monitoring our progress on each goal. Through the LCAP process parents are also invited to give us feedback through our annual Parent Feedback Survey.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety of students and staff is a primary concern of Latrobe Elementary. The school strives to be compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is reviewed at the first staff meeting of the year (8/9/21). Additional reviews of the plan are held following drills and/or other events as necessary. The plan is updated as needed by the School Safety Committee and the staff members (last updated (2/22/21). All revisions are communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, evacuation, lock down and earthquake drills are conducted throughout the school year. Students are supervised before and after school by certificated staff and by classified staff during lunch. There is a designated area for student drop off and pick up. Visitors must check in at the office.

In January 2013 security gates and an intercom system were installed at Latrobe Elementary. The front door and both gates are kept locked during school hours. Visitors check in via intercom at the front door and are buzzed in by the school secretary. Gates are unlocked after school. In 2016 all district staff members were trained in active shooter procedures and strategies and as a result of this training our procedures and protocols were updated across the district. The staff is also trained in CPR/First Aid and AED procedures every other year. An AED was installed at both school sites in 2019.

Currently, all staff members are actively implementing Positive Behavior Interventions and Strategies (PBIS). PBIS focuses on school climate and the social emotional well-being of our students which a component of our Safety Plan as well as our Local Control Accountability Plan.

Professional Development

Using data from LCAP and the CA Dashboard, district staff members identified School Climate as an area of focus. The district was awarded MTSS grant funds and a team of staff members worked throughout the 2018-19 school year reviewing data, procedures, programs and policies that related to school climate and environment. In the second year grant funds were used for staff members to attend the Positive Behavior Interventions and Strategies (PBIS) conference in Sacramento and participate in PBIS on site trainings. This year, staff members continue to make adjustments and improvement in our procedures relating to school climate and student success. This is an ongoing process and will continue to be a focus of our Professional Development for the foreseeable future. Also, as the district moves into piloting and implementation of the Next Generation Science Standards, teachers will participate in local training at the county office and off site training offered by vendors.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
