Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning

Expanded Learning Opportunities Program Plan Guide

experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

“Expanded learning opportunities” has the same meaning as “expanded learning” as defined in *EC* Section 8482.1. “Expanded learning opportunities” does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

Instructions

This Program Plan needs to be approved by the LEA’s Governing Board in a public meeting and posted on the LEA’s website.

The program plan template guide is considered a living document that is periodically reviewed and adjusted to reflect the needs of the community, updates in the law, and to provide continuous improvement in the development of an effective ELO-P.

The LEA is responsible for creating, reviewing, and updating the program plan every three years in accordance with *EC* Section 8482.3(g)(1). LEAs are encouraged to work collaboratively with partners and staff to develop and review the program plan. The LEA is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include any partners in the development and review of the plan. It is recommended that the plan be reviewed annually.

The Expanded Learning Division adopted the *Quality Standards for Expanded Learning in California* (Quality Standards) and introduced requirements for Continuous Quality Improvement (CQI) to help programs engage in reflection and be intentional about program management practices and activities delivered to students. To create the program plan, provide a narrative description in response to the prompts listed under each Quality Standard below. The LEA may customize and include additional prompts, such as describing SEL activities, or refining the plan. In addition to the narrative response, it may be useful to include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. LEAs are encouraged to download and reference the Quality Standards in order to provide ongoing improvements to the program. The Quality Standards can be found on the California Department of Education’s (CDE) Quality Standards and CQI web page, located at <https://www.cde.ca.gov/ls/ex/qualstandcqi.asp>.

Program 3 – Skill Building *complete response*

The Expanded Learning Opportunities Program (ELO-P) offered by the Latrobe School District will focus on academic support, enriching visual arts and STEM instruction, and physical activity.

Academic Support

All participating students will receive instructional support and homework assistance provided by the ELO-P program supervisor. All teachers will have the opportunity to meet with the program supervisor, daily, to ensure that appropriate skills are being addressed and that academic support is targeted and aligned to each student's greatest need. Emphasis will be placed on math support, as this was an area of need expressed by students in the 2023 Latrobe Student Survey. General Education Teachers, our Resource Specialist Teacher, and paraeducators will also be compensated to provide targeted additional academic support to students in the after school program.

Visual Arts

All participating students will have the opportunity to advance their understanding and appreciation of the visual arts and each will have the opportunity to create their own works of art under the guidance of the program supervisor.

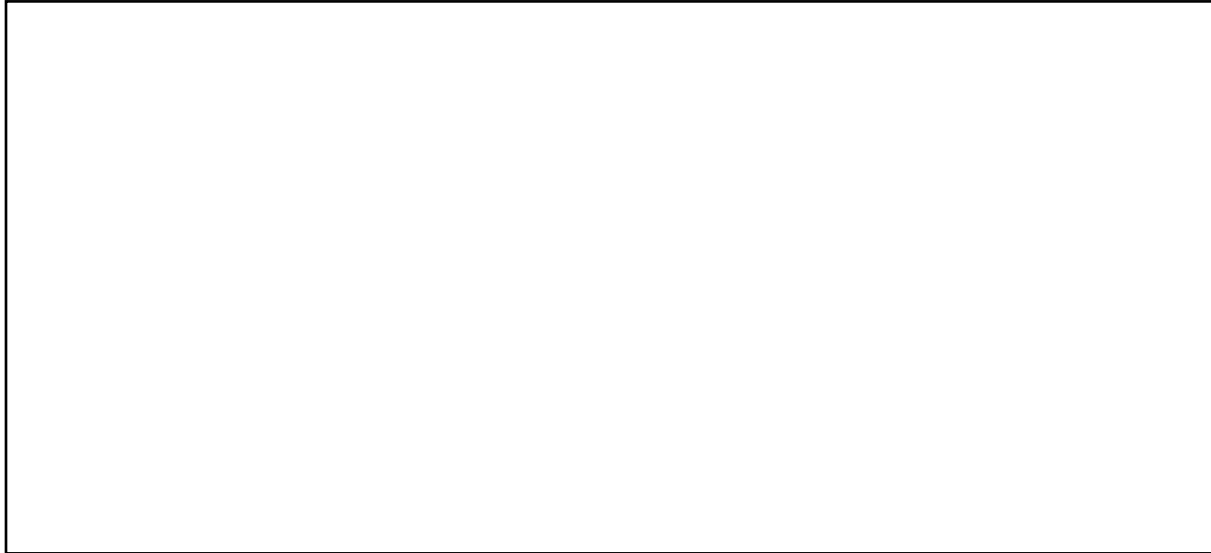

Physical Education

All participating students will have daily opportunities to engage in large motor physical activity. Games and play-based activities will be collaboratively developed by the students and program supervisor.

6—Diversity, Access, and Equity

Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

Program 6 – Diversity, Access, and Equity *complete response*

The Latrobe School District serves students with culturally and linguistically diverse backgrounds. When enrolling students into the Expanded Learning Opportunities Program, priority access will be given to English learners, socioeconomically disadvantaged students, and Foster Youth.

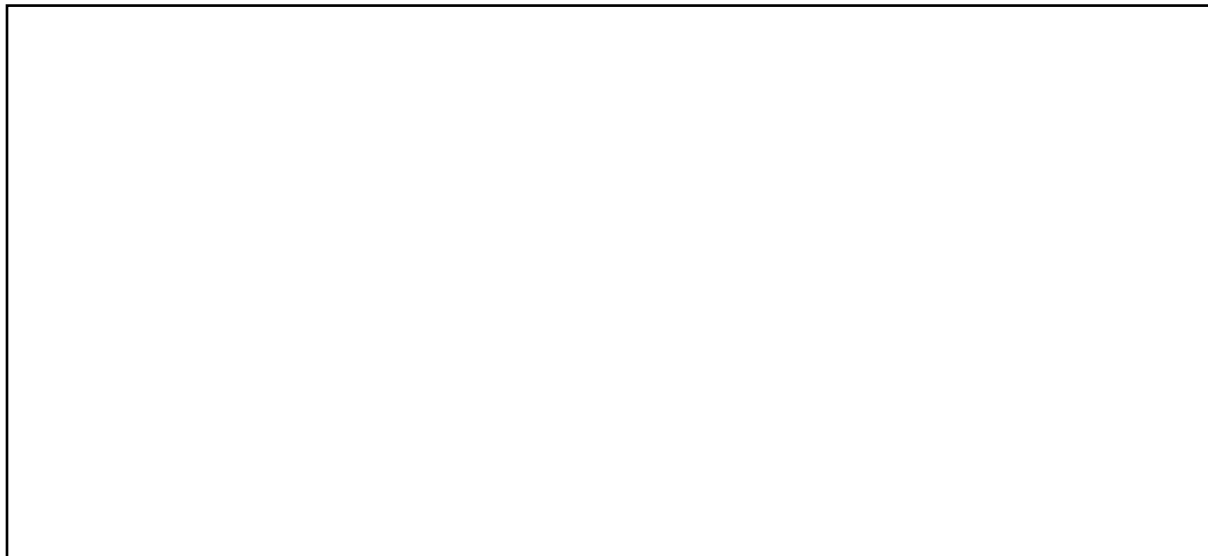

Program staff will be provided with the same translation services used by the district to ensure that linguistically diverse students and their families feel connected and supported throughout the duration of the program. School administration will meet with the program supervisor to provide information about enrolled students from culturally diverse backgrounds and offer strategies for engaging these students during academic instruction and enrichment activities.

Similarly, school administration and representatives from our special education staff will meet with the program supervisor to review Individualized Education Plans (IEP) for students with disabilities. Accommodations present in IEPs or Section 504 plans will be shared with program staff to ensure that students with disabilities are appropriately supported.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

Expanded Learning Opportunities Program Plan Guide

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC Section 46120[b][2][D]*). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Sample Program Schedule *complete response*

The Latrobe School District operates two schools, Latrobe Elementary School (TK-3) and Miller's Hill School (4-8). Students from both schools will be eligible to attend the Expanded Learning Opportunities Program, which will be housed primarily in the Miller's Hill Extended Day Room.

At Latrobe Elementary School, the instructional day begins at 7:55 a.m and ends at 1:55 p.m., accounting for a six hour instructional day. Students participating in the Expanded Learning Opportunities Program will then be bused approximately 0.4 miles to Miller's Hill School, where they will check in with the ELO-P program supervisor.

The Expanded Learning Opportunity Program will begin at 2:00 p.m. and end at 5:30 p.m. When combined with the 6 hour instructional day, the total time Latrobe Elementary students will be served is approximately 9 and a half hours.

At Millers Hill, the instructional day begins at 7:50 a.m, and ends at 2:05 p.m., accounting for an instructional day of 6.25 hours. Students participating in the Expanded Learning Opportunities Program will check in with the ELO-P program supervisor immediately after being dismissed from school.

For students at Miller's Hill, the Expanded Learning Opportunity Program will begin at 2:05 p.m. and end at 5:30 p.m. When combined with the 6 hour instructional day, the total time students are served is approximately 9 and a half hours.

Summer Intersession Classes will be scheduled from 8:00 a.m. - 5:00 p.m. and are planned to be housed at the same location as listed above.
