How to Designate Latrobe School District as the Scrip Recipient

Food 4 Less and The Nugget - these merchants currently provide a 3% scrip return. Follow these steps to obtain a Scrip card:

- Before shopping, go to the Customer Service counter to sign up for a Scrip card. You only need to do this once and can reload and reuse the same card.
- You can load any amount of money on that card and use it to do your shopping any day at any Food 4 Less or Nugget Market. They are interchangeable.
- When your card is nearing a zero balance you may "reload" the card at the register. You do not need to go to the Customer Service counter once you have your designated card.
- There's no need to re-designate Latrobe for the percentage. The other great thing is, if you lose your card, you simply notify the merchant and they can freeze the account/card and they re-issue a new card.
